OUR COMPANY

Established in 1996, Jinyang Industrial Co., Ltd. has been manufacturing molded plastic products ever since. Jinyang is leading the industry with the in-house mold making competence and automated production line. We have expanded to a 430,000 sqft (40,000 sqm) facility in 2010. This expansion was to execute a fully integrated operation that ensures maximum efficiency. We have over 10 years of co-operation experience with companies in Denmark, Portugal, Thailand, Indonesia, Indian, and Slovakia. We develop high-quality control standard and pass quality management system certification according to the ISO 9001:2015 standard.
